

Docket No. AUS920030728US1

ABSTRACT OF THE DISCLOSURE

METHOD AND APPARATUS TO RESCHEDULE ROOM RESOURCES

A method, apparatus, and computer instructions for allocating meeting room resources. A database of meeting room resources is provided. The database includes attributes describing physical characteristics of each meeting room in the meeting room resources. A request for a meeting room is received. The request includes a set of attributes. A determination is made as to whether the meeting room meeting the set of attributes is available. In response to a determination that the meeting room is available, the meeting room is allocated to a user.
